Reference:-Letter No.38P. dated the 5th August 1902 from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore in re proposed abolition of Railway Inspection at Harihar.

On the occurrence of a plague case at Harihar the Offg: Senior Surgeon wrote to Government for the issue of orders constituting Harihar an Inspection station.

2. The Residency was communicated with in the matter which resulted in the issue of a notification by the Resident whereby Harihar was constituted an Inspection station.

3. The Senior Surgeon on the 14th May last wrote and enquired if Ry: Inspection at Harihar could be stopped and when asked to furnish Government with his views on the subject states that the Ry: Inspn: at a frontier station as Harihar, where the countries on either side are infected, is of no use and may therefore be discontinued ^{and} that besides as Ry: Inspn: has been abolished everywhere else throughout the Province, though plague is still prevailing, it would, the Senior Surgeon considers, be inconsistent

No 38p

Dated 5th August 1902

Sir,

I have the honor to state, in reply to your No.1342/
L.B.(P) 52 of 22-7-02, that Railway Inspection at Farihar was
recommended in August 1901 by Col.Smyth I.M.S. whilst offici-
ating Senior Surgeon as plague was prevailing in the Dharwar Dis-
trict. As Railway Inspection has been abolished every-
where else throughout the Province, though plague is still prevailing
it appears to me to be inconsistent to retain it at Farihar.
